WHY ASTARA

ABOUT US

Astara Capital Partners brings capital, sector expertise, and strategic resources to middle-market companies to build sustainable value and deliver exceptional outcomes. Investing in both healthy and challenged businesses alike, we leverage our network of operators and advisors to find value in opportunities that others overlook. By partnering with strong management teams and collaborating with other stakeholders, we help companies achieve their potential.

- Good transaction partner with a strong track record of successfully closing deals on agreed terms
- Make companies more valuable by improving their facilities, systems, and processes
- Do not utilize excessive leverage
- Bring strategic and functional resources that companies may not otherwise be able to access

ASTARA
